THE ORANGE RATOON TO BE PUBLISHED IN HILLSBORO, N. C.

BOUT the first of April, proximo, the undersigned will commence, in Hilfsborough, N. C., the publication of a political journal to be called The Orange Ratoon. To give some exposition of the principles it will advocate, and, at the same time, to afford to those, who may feel disposed to encourage our enterprise, an oppor- Dutch Case Knife Pole, white, Large Lima do. Carolina tunity of procuring subscriptions, we issue this prospectus.

The Ratoon will be throughly Democratic: devoted to that system of national policy originated by the immortal Jefferson, sanctioned and defended by the inimitable Jackson, and now being carried into effect, and maintained with zealous ability, by the present much abused, but, nevertheless, indefatigable, wise and patriotic President of our Republic-James K. Polk. The most prominent features of this system are a moderate Tariff for revenue. based on ad valorem principles, and a strict construction of the constitution. To these our attention will be chieflose sight of other questions, which, though secondary to these, involve some of the most important interests of the nation; such, for instance, are the questions of a National Bank, Distribution, Internal Improvements, &c., on all of which the Ratoon will be decidedly Democratic. But the discussion of these and all others must give way, for the present, to that of the all-absorbing, deeply interesting and prolific question-the Mexican War; and, in relation to this, it will be a strenuous defender of the course pursued

by the present administration. While the Ratoon will firmly and decidedly express and maintain its views, still it will treat, with all due respect, the opinions of those who may differ from it, and will studiously avoid that asperity of temper which characterizes so many partizan journals, and which has contributed to lessen, in a great degree, the power of the press-the cogency of argument being destroyed when

thus associated. Besides being a political journal, the Ratoon will contain all the latest foreign and domestic news, and will publish a large amount of miscellaneous, literary, scientific and agricultural matter-so that all tastes may be gratified, and no department of useful knowledge neglected. We must say, also, that the state of the market shall receive especial attention; and of every fluctuation in it, our readers shall be advised.

On the permanency of our paper, the most implicit reliance may be placed; for, were we not satisfied that it will be well sustained, and that we will be amply compensated for our exertions, we would, by no means, incurthe cares, responsibilities and vexations that necessarily devolve upon the editor and publisher of every political

Before closing this prospectus, we cannot forbear calling to the minds of all true Democrats, the fact that, in this state there are twenty-two Whig journals, and but nine of Democratic principles. To the least acute reasoner this cannot but satisfactorily account for the ascendancy so long preserved by the Whig party; and as long as it continues to be the case this supremacy will be maintained. The benefit of an ably conducted journal, to either party, cannot easily be estimated; but the Whigs, in this State, can properly appreciate its value; which is evinced by the large number of their journals, and the ample support they extend to them. But we trust that this will not continue much longer; we are confident that the Democratic Imperial. party will readily sustain any journal, advocating its principles, that is properly conducted; and, in addition to our desire for the promotion of the interests of the party, this belief has induced us to establish a paper in Hillsborough. paper will shortly make its appearance, and we hope, and anticipate for it a favorable reception.

TERMS. The Ratoon will be printed on a large double-medium sheet, at two dollars per annum, when payment is made within three months after the time of subscription : and if not paid within that period, three dollars will, in all cases, be exacted. J. W. B. GARRETT. March 15, 1848.
